BELLSOLAR FINISHES FIRST IN CENTREPORT HANDICAP

Martin Entry at 7 to 1 Beats Odds-on Favorite in Feature Race.

STROMBOLI WINS AGAIN

Royal Arch Gets Steeplechase Decision Over Joyful by a Nose—The Trout Third.

By Vincent Treanor.

RACE TRACK, BELMONT PARK, June 6.—The Centreport Handicap, the feature of the afternoon, proved a big upset for those who banked heavily on the favorite, Capt. Alcock, to win. Four lengths in front turning for home the Captain seemed well on his way to an easy victory when Calahan came from far back on the outside and ran over the top of him.

Mooney on the favorite went to the whip in the closing strides but it was too late. Bellsolar at 7 to 1 came like the wind and at the end was going away. Servitor at 10 to 1, after following Capt. Alcock all the way, held on long enough to be third.

Scratches were the rule in all races. Fifteen were withdrawn from the first event as a starter, leaving Major Parke and Stromboli first and second choice respectively. When the race was over, Stromboli's number went up as the winner, with Major Parke second. Any one of those horses might have been called third, but the judges awarded the show money to Arrowhead. It looked from the stand as if Whisk had got it. Major Parke broke in front, but was soon outrun by The Boy and Dough Girl. At the stretch turn there was a general closing, out of which came

Major Parke and Stromboli. They had it out through the final eighth, the old horse proving the gammer.

The steeplechase resulted in almost a dead heat. Royal Arch and Joyful went past the Judge almost on even terms. Royal Arch's number went up. The Trout, after running all over the layout, was third. Royal Arch lay off the pace of Elmer Johnson and Joyful until the far turn last time round. He then went to the front and was winning with apparent ease until Joyful, coming again, forced him to a hard drive, to win by a nose.

Flambette, almost entirely overlooked, captured the third race from the well played Iverman after leading practically all the way. Joan Marie, knocked back early, came with a great burst of speed at the end to be third. She was in close quarters right after the end, after having run all around her field. Queerack ran the German five and ten cent store in the fourth race.

After eight were scratched from the fifth, Tom McTaggart was made the favorite. He won, but he was doing the best he could to save off the German five and ten cent store.

The body of Miss Isabella V. Lewis, No. 124 12th Street, Brooklyn, drowned Memorial Day in the Hudson, near Nyack, was identified today by her sister, Mrs. Cassie Campbell, of the same address. The body was found in the river yesterday opposite 225th Street.

Miss Lewis, general sales manager of the German five and ten cent store in Brooklyn, was motor boating and fell overboard when the boat was rocked by the swell from a ferry.

BROWNS GET TWO RUN LEAD ON YANKS

"Rip" Collins' Wildness in Early Innings Enables St. Louis to Score—Ruth Gets Double.

POLO GROUNDS, June 6.—"Rip" Collins' wildness in the first two innings today gave the Browns a 2 to 0 lead on the Yankees.

Gorber was hit by a pitched ball in the first, took second on Wetzell's grounder to Baker and scored on Williams single. In the second "Rip" walked Elberbe who took second on Jacobson's grounder to Collins, third on a passed ball and scored on a wild pitch.

In the fourth Rip got out of a hole which Baker's wild throw helped make. Severid, who had doubled, and Elberbe, whose grounder Baker threw away, were on second and third. Jacobson and Davis, however, fled out to Ruth and Severid was caught, Ward to Schang, trying to come home on Lee's grounder. Babe Ruth got a double in the third, but two were out and Pipp finished.

Two American Soldiers Murdered in Rhine District.

MAYENCE, June 6.—The Cologne Gazette says two American soldiers have been killed by a German civilian near Auenbach, a revolver being the weapon used for the murder. A search for the murderer was being made, the newspaper added.

Chicago Business Man First of Jewish Race to Be Called By Harding.

A GREAT ORGANIZER.

Knows Nothing About Ships, But Is Wonderful in His Line—Suggester of Landis.

By David Laurence.

(Special Correspondent of The Evening World.)

WASHINGTON, June 6 (Copyright, 1921).—Albert D. Lasker of Chicago has accepted the Chairmanship of the United States Shipping Board. President Harding first offered the place to Mr. Lasker a fortnight ago, but the latter came to Washington and urged the President to appoint Walter C. Teagle, President of the Standard Oil Company of New Jersey. Mr. Lasker believed that Teagle knew more about ships and the particular problems of the Government than anybody else and was even willing to act as an assistant to Mr. Teagle in order to persuade the latter to take the job.

The President yielded to Mr. Lasker's advice and made a final effort to get Mr. Teagle. Everything was arranged satisfactorily when the man who was to take over Mr. Teagle's work in the Standard Oil Company suddenly became ill and the doctors advised a prolonged trip to Europe. Mr. Teagle could not therefore leave his work and declined the position.

Mr. Harding consequently fell back on Albert Lasker and insisted that the latter accept an originally planned. Mr. Lasker admitted that he did not know a thing about ships, but the President was of the opinion that technical assistance could be procured as long as the man at the head of the Shipping Board was an organizer and a business man.

Mr. Lasker is president and owner of the Lord & Thomas Advertising Agency, but is one of the principal owners in many big business enterprises and is a part owner of the Chicago Cubs Baseball Club and several other companies. He is the author of the famous Lasker plan by which the warfare in baseball which developed last winter was finally settled. It was Lasker who first suggested Judge Landis as the arbiter of baseball disputes and he has the happy faculty of being able to settle tangled problems without much fuss or feathers.

WAS A STANCH SUPPORTER OF JOHNSON.

Throughout the last three years Mr. Lasker has stood beside W. J. Hayes, a sort of man behind the gun. His advice and judgment which won him millions of dollars of reward in the business world were turned to politics. He made several trips around the country with Will Hays when the latter first started out to win Congress for the Republicans early in 1915. He was a stanch supporter of Hiram Johnson for President and is said to

ELLIS ISLAND JAMMED.

Other Ports to Be Urged for Landing of Immigrants.

Secretary Davis of the Department of Labor was expected to reach Ellis Island today to take up with the immigration officials there some of the problems arising from the new immigration rules. It was said that steamship lines bringing immigrants probably would be directed to make greater use of the ports of Boston and Philadelphia so as to relieve congestion at Ellis Island.

Most of the congestion there at present is said to be due to the fact that 1,500 immigrants who have been held at Hoffman Island for twelve days' observation are now at Ellis. They will be landed rapidly in New York.

Joey Taylor, Great Britain, defeated William McIlroy, America, by 5 up and 2 to play.

James McKendry, Great Britain, defeated George McLellan, America, by 5 up and 4 to play.

J. G. Sherlock, Great Britain, defeated Charles Hoffman, America, by 3 up and 2 to play.

Great Britain won the foursomes competition in the forenoon.

British players won three of the matches, while the Americans were unable to capture any. Two of the matches were halved.

J. G. Sherlock and Joseph Taylor.

Denver Hit by Rising Waters—In Pueblo Only Three Days' Food Supply Left—Airplanes Bringing Supplies to Stricken City—Looting Held to a Minimum.

PUEBLO, Colo., June 6.—Gov. Oliver H. Shoup to-day asked the United States Government to place \$20,000,000 at the command of the State for use in flood relief.

PUEBLO, Colo., June 6 (By the Associated Press).—A careful check of the undertaking establishments to-day by the Associated Press showed a list of 42 known dead, as opposed to Red Cross figures of yesterday of 100. The property loss will probably reach \$20,000,000.

Flood stricken Central Colorado to-day surveys the havoc of the most disastrous flood in its history. An accurate estimate of the loss of life and property damage is impossible at this time.

With morgues crowded to overflowing, hospitals turning patients to improvised relief stations and thousands homeless or suffering from exposure, every effort to-day was being directed toward the alleviation of suffering, leaving the work of survey and the plans for rehabilitation for the attention of outside forces en route to the almost prostrate community.

Restoration of the city to even an approach to normal conditions is a matter of weeks. Levees must be repaired before the business section can be cleared of water.

It seemed early to-day that all danger of a repetition of the flood had passed, barring another cloudburst. Every dam, either on the Arkansas or Fountain Rivers, from which danger might be expected, was already gone.

The number of persons in temporary hospitals was placed at 500 by J. E. Moorehead, Secretary to Gov. Shoup. Typhoid, pneumonia, diphtheria, and one or two cases of insanity were found among these patients. A complete field hospital unit from Fort Logan was expected to reach here this morning.

At a conference early to-day of military, city and State officials, in which Gov. Shoup took part, repair of the levees was decided upon as one of the first problems to be met. It was considered possible that aid of the Federal Government would be sought.

Floods of lesser magnitude were reported early to-day by several towns in Kansas. All are along the course of the Arkansas River, which overflowed its banks here. Syracuse and Gardner, Kan., have reported sweeping floods, and all towns in the Arkansas Valley have been warned of the rising river.

Las Animas, Colo., early today reported the Atchison, Topeka and Santa Fe Shops at La Junta under five feet of water, the railroad yards wrecked, and two hundred freight cars swept away. A score of lives were believed to have been lost.

Two hundred residences in Las Animas were in three feet of water late last night. The inhabitants fled to public buildings and to the highlands, fearing the residence section would be swept away.

The Platte River broke its banks at Denver shortly after midnight, inundating several blocks of the West Side residential section, from which people fled their homes, taking refuge in the City Hall. Red Cross stations cared for the homeless. Last reports from Denver early this morning said that the river was within one foot of the levee structures in the business section and still rising.

Three times yesterday came a renewal of the flood here. At four o'clock in the morning water rose

FRANCHISE TAX LAW MADE CLEAR

U. S. Supreme Court Upholds Decisions by N. Y. State Courts Regarding Corporations.

WASHINGTON, June 6.—The Supreme Court refused to-day to review decisions of New York courts holding that the State Tax Commission had erred in its method of applying the corporation franchise tax imposed under section 9-A of the New York statutes.

The lower courts determined that "stock" must be included as assets to their full value, and that the interest on bonds should be excluded or subtracted from income, in computing the tax due, but upheld the validity of the statute as a whole.
